

Welcome!

Algebra II L2

2018-2019

Instructor: Ms. Edwards

Here's what we're going to learn about:

1. Unit 0 – Linear Programming
2. Unit 1 – Functions
3. Unit 2 - Quadratics
4. Unit 3 - Polynomials
5. Unit 4 – Rational Functions
6. Unit 5 – Trig and Exponential/Logs

Here's what you'll need:

- **GRAPHING CALCULATOR** (This is essential to the course)
- **Personal Learning Device** (We will use this regularly in class)
- **Pencil**
- **Positive attitude!**

Grading Policy:

Tests, Quizzes, and Projects: Tests and quizzes are essential in order to check your progress and comprehension of the material throughout this course. All work for tests and quizzes **must be shown** in order to receive full credit. Please note that tests will be worth more than quizzes. If and when applicable, projects may be given to demonstrate what you have learned as well.

Homework: Regional School District #10 defines "homework" as independent practice and learning that happens outside of the classroom. Learning outside of the classroom may include work on long-term projects and tutorials or readings to prepare for new learning. Homework will count for a maximum of 10% of a student's academic grade.

Extra Help:

I am available before school, after school, and during certain periods of the day. You're always welcome to stop in and see if I'm available. However, if you know ahead of time that you will be planning on coming for extra help, it is a good idea to make an appointment with me or check in beforehand to ensure that I will be there at the specific time you are looking for. Please do not hesitate to come to me for extra help; that is what I'm here for! 😊

Policy on Make Up Work and/or Late Assignments:

1. When you're absent, please check the online notebook to see what you've missed.
2. In accordance with LMS policy, students who miss class due to excused absences will have at least three school days per absence to make up missed assignments that are assigned the day of the absence. If you miss a quiz or a test, expect to make it up the day you return. ***You are solely responsible to request and make up assignments within the given time period. Don't let yourself fall behind!***
3. Late assignments will be accepted from students who were present the day that an assignment was given.

Quiz & Test Corrections:

1. Students may request a retake on any quiz. In order to be eligible for each retake, students must complete certain tasks to ensure that their second score will most likely improve. These tasks will be outlined prior to the original assessment. A form describing these stipulations will be provided and required to retake any assessment.
2. Parents are required to sign this form describing each student's responsibility prior to any assessment or retake.
3. The retake grade will replace the original grade, *regardless of performance*.
4. Each retake will assess the same standards as the original assessment.
5. Retakes must be completed in the time frame specified by the teacher.

Please feel free to contact your teacher with any questions or concerns. We look forward to a productive and enjoyable year working together.

Academic Misconduct Policy: Being a responsible student and showing what you have learned honestly is very important. Cheating of any kind will NOT be tolerated in this class. The minimal consequence of cheating will be a phone call home and a zero on the assignment. Your actions reflect the kind of person that you are, so maintain a good reputation!
