Dear Students and Parents,

On behalf of the staff and administration of Lewis S. Mills High School, we would like to welcome you all to the 2018-2019 school year. This handbook is intended for the students and parents to use and refer to throughout the school year. It is an easy reference to many of the Region #10 Board of Education and Lewis Mills policies and procedures. It is critical that you read the information contained in this handbook in order to understand school programs and student responsibilities. If this handbook does not clearly address an issue that you’re concerned with, or if you have any questions about the information in this handbook, please contact your teachers, school counselor, or a building administrator for help. Please note: Board policies are set forth in their entirety on the District's Website- www.region10ct.org.

We are proud of the reputation that Lewis Mills has earned- a reputation of academic, artistic, and athletic excellence, and quality conduct in a positive environment. This has come from the tremendous effort and hard work of our students, parents, faculty and staff.

Students, we encourage you to continue to pursue these goals of excellence throughout this school year. Look upon your classmates and teachers with kindness and respect. Study hard. Participate in activities and clubs and lend your support to the activities of others. Hold yourself to the highest standards of conduct.

Parents, we earnestly solicit your support and cooperation in our partnership to help students achieve personal excellence. We urge you to become actively involved in your child’s studies and co-curricular activities, and to share in the pride that we feel about our students and our school.

Have a great school year - WE'RE GLAD YOU'RE HERE!

Non-Discrimination and Unlawful Harassment Policies  
(Board Policy 5150 and Regulation 5150A)

Notice of Non-Discrimination

The Board of Education does not discriminate on the basis of race, color, national origin, sex, disability, age, religion, sexual orientation, gender identity or expression, genetic information or any other basis prohibited by law in any of its programs, activities and employment practices and provides equal access to the Boy Scouts of America and other designated youth groups.

Any student who feels he/she has been denied an equal opportunity to participate in or benefit from the activities, programs or courses of study offered by the school district in violation of this policy should immediately bring his or her complaint to the attention of a School Counselor, Assistant Principal, Building Principal or the Director of Student Learning. Inquiries regarding Regional School District #10’s nondiscrimination policies and practices should be directed to:

Cheri Burke  
Director of Student Learning  
24 Lyon Road  
Burlington, CT 06013  
860-673-2538  
burkec@region10ct.org

Prohibition of Unlawful Harassment  
Harassment is a form of discrimination. It is the policy of the Board of Education to maintain a working and learning environment that is free from all forms of unlawful harassment based upon a student’s race, color, national origin, ancestry, sex, disability, religion, sexual orientation, gender identity or expression, genetic information or any other basis prohibited by law.
Students are also prohibited from harassing teachers, administrators or other school personnel on the basis of race, color, national origin, ancestry, sex, age, disability, religion, sexual orientation, gender identity or expression, genetic information, veteran status, marital status, ancestry, genetic information or any other basis prohibited by law.

Definition of Unlawful Harassment

Unlawful harassment means unwelcome and offensive conduct that has the purpose or effect of unreasonably interfering with a student’s performance and/or learning opportunities or that is sufficiently severe, pervasive or persistent so as to create an intimidating, hostile or offensive educational environment. All forms of harassment are prohibited whether verbal, written, visual or physical and regardless of the medium through which it occurs.

Definition of Sexual Harassment

Unwelcome conduct of a sexual nature including physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent, sexual advances, requests for sexual favors and other inappropriate verbal, non-verbal or physical conduct of a sexual nature constitute sexual harassment when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of a student's education;
- Submission to or rejection of such conduct by a student is used as a basis for educational decisions affecting that student's education;
- Such conduct has the purpose or effect of substantially interfering with a student’s educational performance, and/or is sufficiently severe, pervasive or persistent that it creates an intimidating, hostile or offensive educational environment.

A harasser may be a student, school employee, or any other person involved in or present for school-sponsored events or programs. All members of the school community are responsible for helping to assure that sexual, racial and other unlawful harassment is avoided. Any student who feels that he/she has been harassed should immediately report it to any of the following: School Counselor, Assistant Principal, Building Principal, or Director of Student Learning. Any person who has observed or otherwise become aware of conduct prohibited by this policy should bring the matter to the immediate attention of the building principal and Director of Student Learning.
Complaints of Discrimination and/or Unlawful Harassment

For complaints of discrimination with regard to disability, please contact the district's Section 504-compliance officer:

Ms. Linda Carabis  
Director of Special Services  
860-673-6195  
Regional School District No. 10  
24 Lyon Road, Burlington, CT 06013

For all other complaints of discrimination, please contact:

Mrs. Cheri Burke  
Director of Student Learning  
860-673-2538  
Regional School District No. 10  
24 Lyon Road, Burlington, CT 06013

All complaints will be promptly investigated in as confidential a manner as practical and appropriate corrective action will be taken when warranted. Any employee, student, volunteer or other individual under the control of the school system who is determined after an investigation to have engaged in harassment in violation of this policy will be subject to discipline, including possible dismissal or expulsion.

This is a summary of Board Policies and Administrative Procedures 5150 and 5150A. Copies of these policies and procedures are available on the district's website and Board of Education offices.

ACCESS TO PROGRAMS AND SERVICES FOR STUDENTS WITH DISABILITIES

A student who has a disability impacting their ability to learn or function in the school environment may be entitled to special services including reasonable accommodations (Section 504 Plan) and/or special education (Individualized Education Plan). A 504 Plan outlines the modifications and accommodations that a
student with a disability needs in order to participate fully in the programs offered by the school.

Special education is specially designed instruction created to meet the unique needs of students with disabilities. In providing special education to students, the district complies with the requirements of federal and state law. Eligibility for special education is determined by a planning and placement team. Before a child is referred to a planning and placement team, alternative procedures and programs in regular education shall be explored and, where appropriate, implemented. Referrals for special education may be made by school personnel as well as from a student's parents, physician, or social worker.

Regional School District #10 is committed to providing parents and other interested parties with information about the identification, evaluation and programming for students with disabilities. Questions concerning special education and the referral to special education process will be answered by Lewis S. Mills High School's Special Education Coordinator, Leslie Vendetti by contacting her by phone at (860) 673-0423 or e-mail (Vendettil@region10ct.org).

PARENT CONFERENCES are held at various times throughout the school year. Check individual school calendars for specific dates.
**PART I**

*Mission Statement*

Regional School District #10 provides a safe and respectful learning environment to promote academic excellence and personal growth. We work collectively to cultivate the skills and knowledge of our students to create inquisitive learners, innovative leaders, and responsible citizens.

**Core Values**

*(Dolphin P.R.I.D.E, Husky P.R.I.D.E, Spartan P.R.I.D.E)*

A school’s core values define those qualities that are foundational to be both modeled by the educational practices within a school and to be internally established in the practices of its students. Beyond academic proclivities, these values are what we hope students take with them into their futures.

**Perseverance**
- All learners will continuously improve, overcoming setbacks, to maximize their potential.

**Respect**
- All learners will develop an appreciation for a diversity of voices and perspectives in an increasingly complex world.

**Integrity**
- All learners will consistently reflect on their behaviors to act with honesty, holding themselves to high ethical standards.

**Discipline**
- All learners will achieve when held to high standards of academic excellence.

**Engagement**
- All learners will develop skills to be productive in varied communities.

**Vision of the Graduate & Learning Expectations**

A Vision of the Graduate emphasizes a holistic view of expectations for students, including the transferable skills, content, understandings, and disposition that students should have by the time they graduate and a method of assessing a student’s progress toward that vision.

Region 10 graduates will be:

Students entering 12th grade must register for a minimum of 5 1/2 credits plus one semester of Physical Education. Students entering 11th grade must register for a minimum of 6 credits plus one semester of Physical Education. Students entering grades 9 and 10 must register for a minimum of 6 credits plus a full year of Physical Education/Wellness. Students who plan to graduate in three or three and one-half years in accordance with the Board of
Education policies, must pass two and one-half or three years of Physical Education/Wellness.

**ENGLISH AND MATHEMATICS PERFORMANCE STANDARDS**
(for greater details see Policy 6146A)
Students must demonstrate completion of the district performance standard in **English** by meeting at least one of the following criteria:

- Achieve a score equivalent to the national average on the SAT II in writing
- Meet the district performance standard in English as evidenced through performance on district assessments administered in the junior year
- Pass a writing course in the senior year with a C or better

Students must demonstrate completion of the district performance standard in **Mathematics** by meeting at least one of the following criteria:

- Achieve a score equivalent to the national average on the SAT II in mathematics
- Meet the district performance standard in Mathematics as evidenced through performance on district assessments administered in the junior year
- Pass a mathematics course in the senior year with a C or better

**EARLY GRADUATION**
Subject to possible amendment or repeal of this policy by the Board, students may graduate after three years or in January of their fourth year provided they have met all graduation requirements, have maintained a “B” average, and have the approval of the high school principal. A student who plans to graduate early must submit a completed application at least two semesters before the intended date of graduation.

**LEVELS OF STUDY**
All courses at Lewis S. Mills High School are rigorous, intellectually stimulating, challenging and provide rich experiences and excellent preparation for college study. While students will discover common factors in both Level 1 and 2 courses, relative to work, homework, projects, tests, quizzes, etc., the main differences between the levels are the following: in Level 1, homework assignments tend to be longer and more comprehensive; the course itself is fast-paced, more complex in material, and has more critical and extensive reading and writing assignments; students enrolled in Level 1 courses soon realize that more time, independent work, and self-motivation are expected and required.
ADVANCED PLACEMENT
Students who wish to enroll in Advanced Placement courses must sign an agreement committing to the rigorous expectations and requirements of college level study. A parent’s signature is also required on this agreement. Students who register for these courses must take the Advanced Placement exam in May. Testing fees must be submitted to the School Counseling Department by October 6, 2017. Students who register for two or more AP courses must have a parent-student-school counselor conference. Students must sign an agreement form.

EARLY COLLEGE EXPERIENCE (ECE)
Students who wish to enroll in UConn Early College Experience (ECE) courses must sign an agreement committing to the rigorous expectations and requirements of college level study. A parent’s signature is also required on this agreement. Students who register for these courses must receive a C or better for the year in order to receive UCONN credit. ECE is a concurrent enrollment program that allows motivated high school students to take UConn courses at their high schools for both high school and college credit. Every course taken through UConn ECE is equivalent to the same course at the University of Connecticut. To receive college credit a fee is required with registration by June 2017 and students must sign an agreement form.

WEIGHTED CLASS RANK
A weighted system of grading will be used in calculating the class rank. In determining this rank, we use the recommendation of the National Association of Secondary School Principals. Since courses differ in their levels of academic challenge, the weighted system of grading will provide a more accurate representation of student’s academic achievements. This weighted system will not affect honor roll calculations. It will only be used for class rank purposes. All courses have been assigned on one of the following levels: Advanced Placement, Level 1 (Honors) and Level 2 (College Preparatory).

INCOMPLETES
*Incompletes must be made up within 10 school days of the close of the marking period, not the issuance of report cards.

HOMEWORK
Regional School District #10 defines “homework” as independent practice and learning that happens outside of the classroom. Homework aids in the creation of lifelong learners that employ skills for independence. These learning opportunities can help to serve as a connection between home and school. Independent practice reinforces skills that students should be able to practice with little support. Learning outside of the classroom may include work on long-term projects and tutorials or readings to prepare for new learning.

Refer to Policy 6400 for more specifics about the district homework policy.

HONOR ROLL
Students with excellent academic records are placed on the honor roll. This list is computed for grades in the first, second, third, and fourth marking periods. To be placed on the honor roll, a student must have attained the quality points in the chart that follows with no C-, D, F, or I (Incomplete) grades. In order to determine eligibility for the honor roll, the quality point average for each student is calculated by multiplying the quality points of each grade by the number of potential credits, summing this product over all courses, and dividing the result by the total number of credits. Each student’s report card average is also figured by using the chart that follows. Only students who achieve Honors or High Honors status for each marking period of the school year will be invited to the Scholars Recognition held in May.

ACADEMIC INTEGRITY

The school expects all students to be academically honest.
All assignments including exams, tests, quizzes, papers, projects, homework, etc. are expected to be the student's independent work and any sharing of that work through any medium i.e. paper, social media, text message, photographs, etc. will be considered cheating. All students involved in cheating incidents will receive a score of zero. If work is to be completed collaboratively, the instructor will give explicit instructions to the students.
CHEATING is defined as:

- “To take an examination or test in a dishonest way, as by improper access to answers.”
- “To defraud or to practice deceit; to violate rules or regulations.”

PLAGIARISM is defined as:

- “The unauthorized use or close imitation of the language or thoughts of another author and the representation of them as one’s own original work.”

Definitions from *Random House Dictionary of the English Language*

All forms of cheating and plagiarism are prohibited. The following behaviors are considered unacceptable but do not represent every form of cheating or plagiarizing:

- copying or submitting another students' homework as your own;
- completing independent projects with other individuals;
- comparing or using another student’s responses to tests or quizzes;
- allowing another student to compare or use responses to tests or quizzes;
- obtaining responses to tests or quizzes by any other means;
- copying or taking information from a source without giving credit;
- falsifying the results of a study or using another student’s results.

Turnitin is the global leader in evaluating and improving student learning. The company's cloud-based service will be utilized for originality checking of student work.

In the event that a student cheats or plagiarizes, the procedure/consequences for a first offense will be:

- The student will receive no credit for the assignment.
- The teacher will notify the parent.
- The teacher may notify the administration who may take further action.

The policy applies to any student who cheats or plagiarizes and/or any student who willingly assists another student in cheating or plagiarizing.
GUIDELINES FOR COLLABORATION

Collaboration is:
1. working together to teach or learn.
2. giving credit to all the people you work with.
3. having face-to-face conversations or using digital media to work together to solve a problem.

Collaboration is not:
1. one person doing most of the work and sharing it with others.
2. taking someone else’s work (even if it has been shared with you) and passing it off as your own (plagiarism).
3. producing an identical or nearly identical product as a result of those conversations.

EXAMINATIONS PROCEDURE

Midterm and final examinations are given to all students in January and June. There will be a four-day midterm examination period, January 22-25; all students will follow an abbreviated schedule. Students are only required to attend the periods they have scheduled exams.

Mid-term and final examinations are given using a special examination schedule. Students take a maximum of two exams each day. Exams are worth 10% of a student’s semester grade.

Illness and emergencies are the only valid excuses for missing an exam. Parents need to call the school the morning of the exam to report the illness and students must bring a note to the school secretary upon their return. They must consult their teacher and school administration for immediate makeup of exams. No makeup will be permitted exclusive of the reasons listed above.
ADVANCED PLACEMENT EXAMINATIONS
Students taking Advanced Placement (AP) courses must take an Advanced Placement (AP) examination in May. Based on a student’s score, college credit may be awarded for the course by a college. Exams are offered in English, U.S. History, World History, Psychology, Calculus, Statistics, Chemistry, Biology, Physics, Environmental Science and Computer Science. Students enrolling in an AP course will be asked to pay the exam fee in September.

PARENT PORTAL
The Parent Portal feature of our data management system allows parents to log in to the system via a private password and view their child’s academic progress. The Parent Portal enhances not only parent awareness of their child’s academic progress, but also student awareness, and subsequently the degree to which students demonstrate responsibility for their performance. Using the Parent Portal, parents and students can review academic progress together and, if necessary, discuss how a student can demonstrate initiative in an effort to improve. For example, if a student is earning a grade of concern, parents can speak with their child about the grade, and determine what he/she can do at school and at home to increase achievement. It may be
tempting to contact the school directly, especially if a student “doesn’t know why” their grade is lower than expected. In these situations, we ask that parents put the responsibility for exploring the grade on the student; encourage the student to work with the teacher to clarify the specifics behind the grade and how it can be improved. Of course, services provided through special education and/or unique learning arrangements will not be compromised.

The Parent Portal is accessible at any time of day. We appreciate your consideration as our teachers do their best to correct and post grades for a variety of assessments in a timely manner. Teachers are responsible for up to 125 students, so the thoughtful grading of tests, essays, labs and research papers can be quite a challenge. With this in mind, please allow approximately two weeks for updates to be posted.

VALEDICTORIAN AND SALUTATORIAN
The valedictorian and salutatorian of the graduating class will be determined in April. This calculation includes final grades from grades 9-11 and for three quarters of grade 12.

SUMMER SCHOOL
In order to be eligible for summer school, a student must have a 50 average in the class for the year.

SCHEDULE CHANGES AND WITHDRAWAL POLICY
Students may drop or add a course without penalty, within the first five day cycle of the semester. Before the close of the 1st marking period, students may withdraw from an elective, full-year course, without penalty, with their parent’s written permission. In such a case, their enrollment in and grade for the course do not show on their transcript. After this time period, a “WF”, withdrawal failure, will be recorded on the permanent transcript and may affect senior privileges. Students must be carrying the required number of classes/credits plus Physical Education.

SCHOOL RECORDS AND CONFIDENTIALITY
The Region No. 10 Board of Education has adopted a written policy concerning the confidentiality and accessibility of student records. Copies of the board policy are available at the school counseling office. Consistent with the Family Educational Rights and Privacy Act (FERPA), the student records policy affords parents of students and students over 18 years of age (“eligible students”) certain rights with respect to education records. They are:

1. The right to inspect and review the student’s education records. Parents of minor or dependent children and eligible
students are entitled to review educational records upon request made to the school principal.

2. The right to request the amendment of the student’s education records when the parent or eligible student believes such records are inaccurate, misleading or otherwise in violation of the student’s privacy rights. A request for an amendment to educational records should be made in writing to the school principal and identify the record(s) at issue and the reason for the request.

3. The right to consent to disclosure of personally identifiable information contained in the student’s education records except to the extent that the law authorizes disclosure without consent. For example, written consent prior to disclosure is not required in the following circumstances:
   • To other school officials within the school system who have legitimate educational interest. A school official is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the school district has contracted to perform a special task (such as an attorney, auditor, bus contractor, medical or educational consultant or therapist); or a person serving on a Board of Education committee, or as a hearing officer in discipline cases, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
   • Upon request to officials of another school district in which a student seeks or intends to enroll.
   • To comply with a judicial order or lawfully issued subpoena, provided that the school makes a reasonable effort to notify the parent or eligible student of the order or subpoena prior to compliance therewith.
   • To parties in a health or safety emergency.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by school officials to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, D.C. 20202-5920
Notice of Intent to Release Directory Information without Prior Consent

Federal law enables the school district to release “directory” information about its students to the public without the prior written consent of parents or guardians. The term “directory information” refers to information that would not generally be considered harmful or an invasion of privacy if disclosed. Although the district uses its discretion and exercises caution when releasing directory information about its students, it is possible that information regarding your child may be released to parties such as the media, colleges, civic or school-related organizations, employment and military recruiters, as well as to the public via school district websites or in published programs for athletic, music, theater and other school sponsored presentations.

Directory information includes the following categories of information: (1) Name of student; (2) Address; (3) Telephone number; (4) Electronic mail address; (5) Photograph; (6) Date and place of birth; (7) Major field of study; (8) Grade level; (9) Dates of attendance; (10) Participation in officially recognized activities and sports; (11) Weight and height of members of athletic teams; (12) Degrees, honors and awards received (including publication of honor roll); (13) Most recent school previously attended.

On-Campus Recruitment
Pursuant to federal law (the No Child Left Behind Act of 2001 and the National Defense Authorization Act of 2002), the school district is required to provide, upon a request made by military recruiters or an institution of higher education, access to secondary school students names, addresses, and telephone listings. In addition, the school district is required to provide military recruiters with the same access to secondary school students and on-campus recruiting opportunities, as well as to directory information as is provided generally to post-secondary educational institutions or to prospective employers of those students.

A parent, guardian or eligible student (age 18 or older) may object to the disclosure of any or all of the categories of directory information without prior written consent. A parent, guardian or student may also refuse to allow school officials to release the student’s name, address, and telephone listing to military recruiters or an institution of higher education without prior written consent. To prevent the release of directory information in any of these situations, a parent, guardian or eligible student must file a
notice of objection in the Main Office of the school in which the student attends.

**Notification of Rights (5152.2)**

**Under the Protection of Pupil Rights Amendment (PPRA)**

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility.

Receive notice and an opportunity to opt a student out of:

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Inspect, upon request and before administration or use:

1. Protected information surveys of students;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum.

These rights transfer to from the parents to a student who is 18 years old or an emancipated minor under State law. The school district has adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The school district will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The school district will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The school district will make this notification to parents at the beginning of the school year if the district has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and will be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.
Parents who believe their rights have been violated may file a complaint with:

NOTIFICATION OF VIDEOTAPE, PHOTOGRAPHS, AND WEBSITE PICTURES
During the course of the year, teachers may be videotaping and photographing classroom lessons for the purpose of teacher training, action research and student recognition. The reasons include district and school classroom projects such as student teaching, teacher participation in state certification program, teacher (peer) observation and coaching using cameras or video cameras for professional development discussions. The focus and purpose of some of these photos and videos is for teacher training. At other times during the year student pictures may be taken by newspapers, television stations or posted on our website. The purpose of these photographs and/or video would be to publicize and to recognize student achievement and work. The student’s name, school attended and participation in officially recognized school activities, sports, degrees, awards and depictions of student work may be publicized. Other student data will not be included.

Unless you file a written objection annually with the principal’s office your child may be photographed or videotaped.

EPI-PEN STATEMENT
ADMINISTRATION OF EPINEPHRINE FOR EMERGENCY FIRST AID
Connecticut law (Public Act 14-176) requires school nurses and other qualified and trained school employees in each public school to maintain epinephrine in cartridge injectors (often referred to as “EpiPens”) for the purpose of administering emergency first aid to students who experience allergic reactions and do not have a prior written authorization of a parent or guardian or a prior written order of a qualified medical professional for the administration of epinephrine. This law serves to permit schools to provide
emergency first aid to a student who experiences an allergic (and potentially life threatening) reaction even if the student does not have a prior written authorization for the administration of epinephrine. However, this same law permits the parent or guardian of a student to submit a written directive to the school nurse (or school medical advisor) that epinephrine shall not be administered to the student in emergency situations.

If a parent wishes to so prohibit the emergency use of epinephrine, or has any questions with regard to the emergency use of epinephrine and the parental ability to prohibit its use, then please contact the school nurse, Kathy Wasseluk at 860-673-0423 ext. 15509.

VIDEO SURVEILLANCE

Having carefully weighed and balanced the privacy rights of students and staff with the district's duty to ensure discipline, health, welfare and safety of staff and students, the Regional School District No. 10 Board of Education has authorized the use of video surveillance on school grounds and transportation vehicles.

Video cameras may be used to monitor student behavior on school transportation vehicles transporting students to and from school and extracurricular activities. Surveillance cameras may also be located in and outside of school buildings provided that they will be placed only in common areas and not in areas where students or school personnel have a reasonable expectation of privacy, such as locker rooms, restrooms and lounges. Any evidence of student or staff misconduct obtained from surveillance cameras may be used in disciplinary proceedings and, in appropriate cases, shared with law enforcement officials where there is evidence of criminal activity.

SOCIAL MEDIA (Policy 6167)

The Board of Education recognizes the prevalence of social media and acknowledges that its employees have the right under the First Amendment to speak out on matters of public concern through the use of social media. However, the Board will prohibit the use of social media by employees, including personal use of social media when such use:
1. Disrupts the operations of the school district;
2. Interferes with the educational process;
3. Breaches the confidentiality rights of students or employees;
4. Harasses co-workers or other members of the school community;
5. Creates a discriminatory or hostile working or learning environment;
6. Endangers or otherwise puts students at risk of harm;
7. Violates the law or any of the Board’s policies or regulations.

All Board of Education policies pertaining to off-duty conduct apply to social media activity including, but not limited to policies relating to public trust, illegal harassment, code of conduct and protecting confidential information.

**Definition**

For the purpose of this policy the phrase “social media” refers to online social interaction or other public display of messages, information, images, recordings or other content via electronic communications. Examples of social media include, but are not limited to social networking sites such as Facebook, Twitter, LinkedIn, Pinterest, Google Plus, Instagram, as well as video and photo sharing sites such as YouTube, Flickr, Vine, Snapchat, etc.

**Communications with students via social media**

School personnel are prohibited from socializing with students, regardless of the student’s age, outside of school via social media. Employees are expected to maintain professional boundaries with students, parents and guardians. Regardless of the student’s age, it is not appropriate for school personnel to “friend” a student or otherwise form non-professional relationships with selected students through social media. A school employee who is related with a student (relative, family friend, e.g.) may be exempted from this rule by obtaining prior written authorization from the student’s parent or guardian as well as written authorization from the superintendent of schools.

**Confidential information of students**

All posts on personal social media must comply with the Board’s policies concerning confidentiality of student information. The disclosure of education records or other personally identifiable information of students without written authorization from a parent or guardian is strictly prohibited. Merely refraining from using student names is insufficient. Employees are prohibited from disclosing information that is linkable to a specific student or that allows a reasonable person in the school community to identify the student with reasonable certainty.

**Board owned data, logos and trademarks**

School personnel who participate in social networking websites shall not use any school district records; documents, photographs,
logos, trademarks or other Board owned or created information on their personal posts without the prior written authorization of the superintendent of schools.

**Accessing social media via school computer resources**
The Board reserves the right to monitor all employee use of district-owned electronic devices, including employee blogging and social media activity. An employee should have no expectation of personal privacy in any personal communication or post made while using district computers or other electronic devices. Furthermore, any access of social media must not interfere with an employee’s duties at work.

Please reference Board of Education Policy # 6165: Responsible Use Policy

**No linking**
An employee may not link a personal social media site or webpage to the Board’s website or the websites of individual schools, programs or teams without the prior written authorization of the superintendent of schools.

**Disciplinary consequences**
Violation of this policy may lead to disciplinary action up to and including termination of employment.

**PART II**

**ATTENDANCE**

**ATTENDANCE (Administrative Policy 6115.A)**

Connecticut state law requires parents and persons having control of children between the ages of 5 and 18 must ensure that such children attend school regularly unless the parent or person having control of such child is able to show that the child is elsewhere receiving equivalent instruction in the studies taught in the public schools.

**COURSE CREDIT**

In order to gain credit for high school courses, there are specific attendance requirements. Success earned in any course shall reflect student daily participation and attendance as well as fulfillment of other academic requirements as established by the teacher.

**ADMINISTRATIVE PROCEDURES AND RESPONSIBILITIES FOR ATTENDANCE AT THE HIGH SCHOOL**

PROCEDURES FOR APPRISING THE SCHOOL OF A STUDENT’S ABSENCE
• Student must be called in to the main office attendance line at 860-673-0423 (Prompt 1 or extension 15300) by 9:30 a.m. Give the student's first and last name (spelling the last name), grade, reason for absence (flu, cold, vacation, medical appointment, etc.), and telephone number. (Please do NOT call the nurse to report an absence.)

• When a student returns to school from an absence, the student must bring a written note signed by a parent/guardian to the main office stating the date of the absence and the reason for the absence. This note may be emailed to: lsmabsnote@region10ct.org, subject to verification if necessary. **The note must be received within 10 school days of the student’s return to school. The absence will count against the student’s attendance until we receive the documentation and the student cannot get a make-up sheet for missed work.**

• If you know ahead of time that your student will be absent, e.g., surgery, college visit, etc., you need to send a note to the main office stating the date of the absence and the reason for the absence. Absences for vacation and for extraordinary educational opportunities must be approved by the LSM principal in advance.

**Administration reserves the right to require medical documentation for any absences, tardiness or early dismissals.**

It is the student’s responsibility to:
• report to class on time;
• obtain a pass to be admitted to any class after the bell has rung;
• follow the procedure for absences from class for religious holidays, death in the family, participation on field trips, interscholastic athletic events, and disciplinary suspensions;
• obtain a note from his/her parent/guardian explaining the absence.

It is the parents/guardians’ responsibility to:
• stress the importance of regular school attendance with their children;
• call the appropriate school office to indicate that a child will be absent in order to avoid the legal ramifications of truancy;
• provide a written note the next school day, explaining the absence;
• schedule appointments after school hours;
• communicate in a forthright manner with the school regarding the notification of your child’s absence;
• limit vacations to scheduled school vacations;
• have their children complete all missed work;
• contact the Assistant Principal to initiate a review of the student’s absence.

It is the teacher’s responsibility to:
• keep accurate class attendance records;
• notify the office of student tardiness, cuts, and absences;
• provide a schedule of assignments and make-up work, when appropriate;
• provide a reasonable length of time for assignment completion.

It is the school counselor’s responsibility to:
• counsel student concerning absences and tardiness;
• explain ramification of loss of credit;
• call the parents/guardians and inquire about a meeting to discuss the absences.

It is the administration’s responsibility to:
• keep accurate attendance records;
• mail notification to the family of students whose absences accrue to the numbers specified in the policy;
• send notification of loss of credit by mail to the family of students whose absences reach the numbers specified in the policy;
• convene an appeals committee, comprised of teachers and the nurse, and the Assistant Principal, to review the files of each student who wants to appeal the lost course credit. This committee will meet near the end of the fall and spring semesters;
• mail notification to the family of students whose course credit has been reinstated by the review committee;
• inform the school counseling office in cases when the course credit has been reinstated.

IMPLEMENTATION OF THE ATTENDANCE POLICY

The following procedure will be in effect for students who are absent from classes for any of the identified excused absences. The student will:
• report to the teacher(s) prior to the absence, when possible, to discuss work and submit homework; further, students will be responsible for work due the day following the absence;
• be responsible for all work missed during the class;
• make arrangements in advance, when possible, to make up quizzes or missed tests.

DEFINITIONS (Board Administrative Regulation 5115A)
An absence occurs when a student is not present in class, or when arrival to class is 15 minutes or more after the bell has rung signaling the start of a class period.

Excused Absence from school: For the first nine absences in a school year, an absence will be excused when a parent provides a written note within 10 school days approving the absence. For the tenth and further absence to be considered excused, the absence must be due to an acceptable reason. Acceptable reasons include:

  student illness (verified by a licensed medical professional);
  observance of a religious holiday;
  death in the family or other emergency beyond the control of the student’s family;
  mandated court appearances (additional documentation required)
  lack of transportation usually provided by the school district; or
  extraordinary educational opportunities (pre-approved by the principal)
  visit with parent/guardian who is an active duty member of the Armed Forces (as required by state law, some restrictions apply)

Unexcused absence from school: Any absence that does not meet the criteria for an excused absence or a disciplinary absence (out-of-school suspension or expulsion).

Absence from class: Students are considered absent from class if they are not present for 15 or more minutes of the class period.

Excused absence from class: Any absence from class that meets the criteria for an excused absence, disciplinary absence or one of the following: school-sponsored field trips, activities, and sporting events, written documentation of college visits with administration approval, emergency in-school appointments, or
other extraordinary circumstances with the approval of the appropriate administrator.

The following are the limits for unexcused absences in high school classes:

- Full year course  loss of credit at 8th unexcused absence
- Half year course  loss of credit at 4th unexcused absence

If credit is denied due to unexcused absences, a passing grade in the course will not meet the distribution requirement, i.e., 4 years of English, 1 year of American History, for graduation.

**CLASS CUTS**

When a student misses a class period assignment without authorization, the student is considered to have cut class. A cut will result in disciplinary action. No make-up privileges will be allowed for students who cut class. Any unauthorized absence from class that is 15 minutes or more in duration is considered to be a class cut. Three class cuts will result in a loss of credit.

**EARLY DISMISSAL**

If a student is dismissed early due to illness occurring during the school day, he or she must see the nurse first; if the situation is one for which the nurse is obligated to dismiss the student (e.g., infectious conditions), the nurse must contact the student’s parent or guardian to inform them of the situation and to arrange for the student to be picked up. The student must follow the required sign-out procedure in the Main Office. This type of dismissal is an excused absence.

If the situation is not one for which the nurse is obligated to dismiss the student, the nurse must contact the student’s parent or guardian to authorize the dismissal. When the decision to dismiss the student is made by the student and parent or guardian, the student must follow the required sign-out procedure in the Main Office. This type of dismissal may not be an excused absence. Parents or guardians must notify the administration if a student is to leave the school grounds. Students must sign out in the log located in the Main Office, and they must indicate their time of departure. Any early dismissal resulting in a student’s missing 15 minutes or more of a class will be considered an absence.

**EARLY DISMISSAL FOR WORK-RELATED REASONS**

It is possible for twelfth grade students to qualify for early dismissal from study halls only for work-related reasons as a part of their participation in a cooperative work experience program. To maintain this privilege, students must have a “C” average overall with no “F’s” and not be
exceeding 40 demerits.

DISMISSALS DURING EXAMINATIONS
Students must follow the normal dismissal policy during midterm examinations and final examinations. Students will be dismissed only at the end of each examination period. Students may not leave during the examination period unless a parent calls the principal or assistant principal to explain the details of the emergency situation.

TARDINESS
Students are expected to be present in their first period class by 7:25 a.m. and are expected to stay for the entire school day until 2:00 p.m. Failure to do so may result in an office detention, extended detention or a suspension.

Tardiness to school:
1st unexcused tardy – warning by administration
2nd unexcused tardy – warning by administration
3rd unexcused tardy – 1 hour office detention, call home
6th unexcused tardy – 2 hour office detention, loss of driving privilege for one week, call home
9th unexcused tardy – In school suspension, loss of driving privileges for the marking period

Cumulative tardies to school reset at the start of each semester.

Tardiness to class:
1st unexcused tardy – warning by teacher
2nd unexcused tardy – detention by teacher
3rd unexcused tardy – one-hour office detention/unexcused absence
6th unexcused late – 1 two-hour office detention/unexcused absence
9th unexcused late – 2 two-hour office detentions/unexcused absence

Lates are cumulative and discipline will increase with each subsequent offense up to suspensions.

MAKE-UP FOR EXCUSED ABSENCES
Make-up for class work missed because of an excused absence is the responsibility of the student. Except for extended illness or special emergencies as designated by the administration, a student will have three (3) days for each day absent to complete make-up work in order to receive credit for work missed (to a maximum of nine days). Work already assigned prior to the absence is due the day a student returns to class. All make-up work due to vacations is due upon the student’s return to school. Students must see administration if they need an extension to complete their work. Extensions are only
given for lengthy illnesses. A student must obtain a make-up permit and present it to his/her teacher(s) before make-up work will be accepted. These permits may be obtained from the office. Following a missed class or brief absence, a student is expected to submit work due and to make up exams by the next class period. Incompletes must be made up by the end of the second week of the following marking period.

TRUANCY/CHRONIC ABSENTEEISM
Truancy is defined as 4 unexcused absences from school in any one month or 10 unexcused absences from school in any school year. When a student is identified as a truant, the Principal or designee will hold a meeting with the parent and appropriate school personnel to review and evaluate the reasons for the student's truancy. (See Regional School District No. 10 Policy and Regulations 5115 and 5115A)

LOSS OF CREDIT POLICY
NOTIFICATION PROCEDURE
The school administration will notify the student's parents or guardians by mail when the student’s number of absences in a class has reached the intervals cited that follow. Notification concerning loss of course credit will also be sent to the student's parents or guardians via mail.

For full year courses – notification at four unexcused absences; loss of credit at eight unexcused absences.

For half year courses – notification at two unexcused absences; loss of credit at four unexcused absences.

APPEALS
If a student has received notification of loss of credit due to unexcused absences, he or she may pursue the appeals process. Appeals must be made in writing to the principal or designee.

In considering appeals, the principal or designee may consider the totality of the circumstances, including the reasons for the absences as well as the impact of the absences upon the student’s progress in the class and the learning environment.

If the parents, guardians, or students choose not to appeal or if the appeal is denied, the parents, guardians, or students should contact the student’s school counselor to determine a plan for making up lost credits.

If credit is denied due to absences, a passing grade in the course will NOT meet the distribution requirement, i.e., 4 years of English, 1 year of American History, for graduation.
PART III
STUDENT BEHAVIOR AND RESPONSIBILITIES
In order to ensure a safe and healthy community, students, faculty and administration all play a part in discipline at Lewis S. Mills. Discipline is not seen as a list of punishments, but as the teaching and learning of accepted behaviors. In order to create an atmosphere of mutual respect and respect for the learning process, all students, faculty, and administration need to be respectful of the learning processes of others.

DEMERIT SYSTEM
The intent of the demerit system is to encourage upperclassmen to maintain good behavioral standing in order to earn senior privileges. If a senior earns 40 demerits during a marking period, he or she will be ineligible for senior privileges for the remainder of the quarter and the following quarter. If a junior earns 40 demerits during the fourth marking period of the junior year, he or she will be ineligible for privileges during the first marking period of the senior year. Demerits will be assigned as follows:

- Cell phone, IPOD brought to office: 5 demerits
- Dress code referral to office: 5 demerits
- Office detention: 10 demerits
- In-school suspension: 20 demerits
- External suspension: Automatic loss of privileges

POLICIES
CONDUCT ON SCHOOL BUSES (Policy 5131.1)
Transportation to and from school is an accommodation provided to Region 10 students conditioned upon satisfactory behavior on the bus and at bus stops. Bus privileges will be taken away from students if their behavior is unsatisfactory, if they endanger other students either directly or by distracting the bus driver, if they endanger or harm property, or if they violate any Region 10 rules.
The following specific rules apply for the safety and protection of all students and drivers:

**Students are expected to:**
1. Be courteous to other students and respectful to the bus driver at all times;
2. Only ride the bus for their assigned route. If a regular alternate schedule needs to be arranged, parents/guardians must submit written notice to the school three weeks in advance;
3. Arrive promptly at their bus stops and wait until the bus comes to a complete stop before attempting to board;
4. Wait for the driver to signal them when crossing the street in front of the bus;
5. Enter or leave the bus only at the front door except in cases of emergency;
6. File on and off bus in an orderly manner, with no rushing or pushing;
7. Immediately take a seat when they enter the bus and remain seated while the bus is en route. Kneeling and standing on seats are not allowed;
8. Keep arms and hands inside the bus and never out the windows. Windows are to be regulated under the supervision of the driver;
9. Help keep the bus clean, sanitary and orderly and shall refrain from damaging or abusing the bus, its cushions or its equipment;
10. Always check to make sure they have not left personal belongings on the bus.

**Students may NOT do any of the following:**
1. Throw paper, hats, books, lunches, garbage or any other items while on the bus or near the bus or out the windows;
2. Engage in distracting behavior such as loud, excessive noise, unacceptable language -- including swearing and inappropriate conversations -- roughhousing, fighting, eating, drinking, chewing gum and smoking;
3. Use phones or iPods to take pictures or for filming purposes;
4. Carry, transfer, store or use weapons, ammunition, illegal substances or articles of an injurious or objectionable nature;
5. Possess or use unauthorized drugs and/or drug paraphernalia, tobacco products, e-cigarettes or alcohol;
6. Leave the bus without permission of the driver or school authorities except at student’s home or at the school; or
7. Violate any other Board policy or rule while using school transportation.
High School Students’ Use of Middle School Buses

LSM students may ride the HBMS buses after school under the following conditions:

1. LSM students must be in good academic and disciplinary standing at the high school as approved by the Dean of Students.
2. LSM students must have an approved HBMS bus pass from their teacher for the academic, sport or club purpose. Passes will be collected on a daily basis and are only good for one day.
3. HBMS students get priority seating. An administrator will be notified if it appears there not enough room on the Middle School bus. The administrator will make a decision regarding room on the bus.
4. LSM students must sit in the seats directly behind the driver and are expected to make room for others.
5. LSM students are to act as positive role models for the HBMS students.

Violation of Bus Conduct Policy

Students violating these rules will be reported by the driver to the Dean of Students and/or school principal, who will, depending on the seriousness and/or frequency of the violations, notify the parents as to the child’s behavior. In addition, the Dean or principal may suspend the student’s riding privilege for a period of time, depending on the seriousness of the violations, and the parents will be notified. Other disciplinary consequences may also be applied.

High school students who violate the middle school bus procedures may lose the privilege of riding the HBMS buses as well as their assigned buses as determined by building administration.

DRESS GUIDELINES (Bd. of Education policy 5132)

Dress guidelines are based on the premise that a student’s attire should be appropriate for the business of school. Dress styles and/or accessories that are disruptive to the classroom-learning environment, are considered to pose a health or safety threat, impede progress in the hallways, or damage school property cannot be worn. Appropriate dress, including shirts and shoes,
must be worn at all times. Cooperation of the students and their families is essential to ensure a respectful, positive, and safe learning environment. The dress code guidelines apply for all school functions, including sporting events, awards assemblies, and any other event where you are representing the school. The following articles of clothing may not be worn in school:

- articles of clothing and accessories displaying obscenities, profanity, or derogatory messages based upon race, ethnicity, ancestry, gender, genetic information, disability, religion, sexual orientation, gender identity or expression or any other basis addressed by the Board’s anti-discrimination and safe school climate policies
- clothing which advertises tobacco products, alcohol, or other drugs
- accessories which could damage property or create a safety hazard
- inappropriate clothing
  - shorts and skirts which do not fall to mid-thigh or below when standing
  - shirts and tops which do not lie over the waist band of pants (if you can tuck it in you are okay)
    - low cut tops or other tops that show excessive skin.
    - articles of clothing that reveal undergarments
    - transparent, mesh clothing, or clothing with excessively revealing rips or tears
    - on team dress-up days, sweat pants, skirts or shorts must be worn in lieu of excessively short team uniform attire

Removal of hats and hoods is at the discretion of the classroom teacher. If there is a question about appropriate dress, a decision will be made by the administrator. Students will be asked to conceal or remove inappropriate articles of dress on the first occasion. Failure to comply will result in further disciplinary action. On subsequent occasions, students will be assigned detentions and will be sent home when their dress is not appropriate.

**DRUG, ALCOHOL, AND TOBACCO POLICY (5131.6)**

**Drug and Alcohol**
The Board of Education prohibits student possession, use, purchase, manufacture, and/or distribution of any restricted drug, alcohol, or drug paraphernalia or being under the influence of any drug, drug-like substance, or over the counter medication taken without a parent’s and physician’s permission. This prohibition includes any activities sponsored by a school on or off school premises. Any student found to be violating this student conduct policy will be dealt with in accordance with the regulations set by the school system in the student code of conduct. The
consequences of such violations may ultimately result in the expulsion from school and/or criminal prosecution.

Recognizing the potential of each student and that drug and alcohol abuse and dependency can seriously impair a student's ability to learn, it is the policy of the schools to take positive actions to prevent drug and alcohol abuse. These actions will be through education, school intervention, parental involvement, medical assessment/referral, and police referral in the handling of incidents in the schools involving the possession, sale, and/or use of behavior-affecting substances. These substances shall include but not be limited to marijuana, cocaine, LSD, inhalants (which have behavior affecting, ingredients), alcohol, and barbiturates. (Cf.6164.11-Drugs, Tobacco, Alcohol)

School properties may be inspected by school authorities in the interest of maintenance, health and safety. Inspections for the location of restricted drugs, narcotics, liquor, weapons, poisons and missing properties are matters relating to health and safety and may be regarded as reasonable purposes for inspection by school personnel. (Cf.5145.12-Search and Seizure)

Disciplinary procedures will be administered with the best interests of the student, school population and community in mind. Personal privacy rights of students shall be protected as provided by law. [PLEASE NOTE: the District reserves the right to take disciplinary action consistent with Board Policy 5114, which includes the right to impose expulsions for certain off-campus conduct.]

**Tobacco and E-Cigarettes**

Smoking and possession of tobacco products and e-cigarettes (or other devices used to ingest nicotine by inhaling a vapor) on school grounds is prohibited. Disciplinary actions will be in accordance with regulations approved by the Board of Education (See 5131.6A-Student Code of Conduct, section 6, page 10) including recommendation for arrest and fines provided by CT Statutes Sec. 1-21b.)

Policy adopted: December 21, 1992
Policy revised: January, 2003

**STUDENT CODE OF CONDUCT/DISCIPLINE CODE**

A student on school grounds, during a school session, or anywhere at a school-sponsored activity who shows signs of being under the influence, possesses, uses, dispenses, sells or aids in
the procurement of a controlled substance or alcohol shall be subject to discipline pursuant to the procedure outlined below:

**Drug and Alcohol Distribution in the School:**
All students suspected of drug or alcohol possession or distribution on school property or at a school-sponsored activity must be reported to the principal, who, after making an initial determination that distribution may have occurred, will call law enforcement officials.

Whenever a student is expelled for the sale or distribution of drugs or alcohol, the student will be referred to a certified drug counselor/agency for evaluation and recommendation for rehabilitation. The name of the student will be sent to the commissioner of education within thirty days after the student is expelled. Whenever the Board of Education notifies students between the ages of sixteen and eighteen or the parents or guardians of such students that an expulsion hearing will be held, the notification will include a statement that the board is not required to offer an alternative educational opportunity to any student who is found guilty of offering for sale or distribution of drugs on school property or at a school sponsored activity.

**Emergencies:**
If a student's condition or behavior creates an emergency situation, which may be due to drug or alcohol activity, the actions toward that student should be channeled through the school nurse under the direction of the principal.

A professional staff person perceiving a student to be under the influence of alcohol, drugs, or other substances will immediately notify the principal and the school nurse giving all pertinent information. Written records of the incident will be kept in the principal's confidential file. The school nurse will advise the school principal of the severity of the emergency.

If it is determined that a student is under the influence of drugs or alcohol and is in need of immediate medical attention, the student will be transported to an area hospital and the parent will be notified. If immediate medical attention is not required, the parent or guardian will be called and asked to take the student home.

Students treated for emergencies related to alcohol or drug abuse will be suspended from school.
The administration will notify Central Office.

**Use and Possession of Tobacco Products including E-cigarettes**
No student will be permitted to possess or use tobacco anywhere on school property. *This includes devices such as electronic cigarettes and vape pens used to ingest nicotine by inhaling a vapor.* This board policy is in accordance with Connecticut’s Clean Indoor Air Act, which bans the use of tobacco products in public schools. Violation of this policy and law will result in:

**Possession of tobacco products including e-cigarettes:**
- 1st Offense: 2 hour office detention
- 2nd Offense: 2 two-hour detentions
- 3rd Offense: In-school suspension

**Use of tobacco products including e-cigarettes:**
- 1st offense: In-school suspension
- 2nd offense: Out of school suspension

**DETERMINATION OF WHAT CONSTITUTES “PROOF” OF SMOKING:** Fresh smoke which allows any of the following observations:
- Student has smoke breath
- Student in possession of a lit cigarette or e-cigarette
- Student observed to throw a lit cigarette
- Student standing next to a lit cigarette
- In addition, all of these issues will warrant a search of students in the area at the time.

**Referral for Drug Evaluation**
Referral of a non-classified student to a certified drug counselor/agency does not obligate the school to pay for such referral. The choice of the counselor/agency is left to the student and family, although the school will provide them with a list of certified drug counselors/agencies. Fees for services rendered by the counselor/agency are the responsibility of the student and family.
When making such referrals, school personnel should request that the student and family sign a "release of information" form, which will allow the school to share information with the counselor/agency and will allow the counselor/agency to share information with the school. The limits of information to be shared should be specified in the release.

SAFE SCHOOL CLIMATE PLAN / BULLYING (BOE POLICY 5152)

PURPOSE
The Board of Education is dedicated to promoting and maintaining a positive learning environment where all students are welcomed, supported, and feel safe in school, socially, emotionally, intellectually and physically. The purpose of this policy is to address the existence of bullying and teen dating violence in schools and to establish the district’s Safe School Climate Plan.

DEFINITIONS
“Bullying” means (1) the repeated use by one or more students of a written, oral or electronic communication, such as cyberbullying, directed at or referring to another student attending school in the same school district, or (2) a physical act or gesture by one or more students repeatedly directed at another student attending school in the same school district, that:

(a) Causes physical or emotional harm to such student or damage to such student's property,
(b) Places such student in reasonable fear of harm to himself or herself, or of damage to his or her property,
(c) Creates a hostile environment at school for such student,
(d) Infringes on the rights of such student at school, or
(e) Substantially disrupts the education process or the orderly operation of a school.

Bullying shall include, but not be limited to, a written, oral or electronic communication or physical act or gesture based on any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, socioeconomic status, academic status, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics. “Cyberbullying” means any act of bullying through the use of the Internet, interactive and digital technologies, cellular mobile telephone or other mobile electronic devices or any electronic communications.

“Teen Dating Violence” means any act of physical, emotional or sexual abuse, including stalking, harassing and
threatening, that occurs between two students who are currently in or who have recently been in a dating relationship. A copy of the entire Safe School Climate Plan/Bullying Policy (Board Policy 5152) is available at the main office in every school and on the District website.

BULLYING PROHIBITED
A. Bullying is prohibited on school grounds, at a school-sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by a local or regional board of education, or through the use of an electronic device or an electronic mobile device owned, leased or used by the local or regional board of education.
B. Bullying is also prohibited outside of the school setting if such bullying results in any of the following: (i) creates a hostile environment at school for the student against whom such bullying was directed, (ii) infringes on the rights of the student against whom such bullying was directed at school, or (iii) substantially disrupts the education process or the orderly operation of a school.
C. Any form of discrimination and retaliation against an individual who reports or assists in the investigation of an act of bullying is also strictly prohibited.
D. Any student who engages in bullying as defined in this policy may be subject to discipline up to and including expulsion. Any school employee who fails to respond to bullying as required by this policy and the district’s Safe School Climate Plan may be subject to discipline up to and including termination.

Reporting Procedures
1. Any student who believes he or she has been the victim of bullying may report the matter to any school employee. Students may anonymously report acts of bullying to school employees.
2. Parents or guardians of students may also file written reports of suspected bullying.
We regularly assess school climate and welcome information from students and parents/guardians about their perspectives and opinions of the school climate. Periodically, we will ask students to respond to surveys about school climate and their responses may be made anonymously.

HAZING (BOE Policy 4118.15, 5151)
The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.
B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.
C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy. Hazing activities are seriously disruptive of the educational process in that they involve students and violence or threats of violence.
D. A person who engages in an act that violates school policy or law in order to initiate another person or to be initiated into or affiliated with a student organization shall be subject to discipline for that act.

The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

Definitions
“Hazing” means committing an act against a student, or coercing a student into committing an act, that creates a risk of physical or emotional harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other purpose. The term hazing includes, but is not limited to:
1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects the student to a risk of harm or that adversely affects the mental or physical health or safety of the student.
3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or
substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.

4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to stress, embarrassment, shame or humiliation that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.

5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.

Reporting Procedures
A. Any person who believes he or she has been the victim of hazing or any person with knowledge or belief of conduct, which may constitute hazing, shall report the alleged acts immediately to an appropriate school district official designated by this policy.
B. The building principal is the person responsible for receiving reports of hazing at the building level. Any person may report hazing directly to the Superintendent or his/her designee.
C. Teachers, administrators, volunteers, contractors, and other employees of the school district shall be particularly alert to the possible situations, circumstances or events, which might include hazing. Any such person who receives a report of, observes, or has knowledge or belief of conduct, which may constitute hazing, shall inform the building principal immediately.
D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter’s future employment, grades, or work assignments.

School District Action
A. Upon receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of hazing.
C. Upon completion of the investigation the school district will take appropriate action. Such action may include, but is not limited to, warning, detention, suspension, exclusion, expulsion, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of
applicable collective bargaining agreements, applicable statutory authority, including school district policies and regulations.

Reprisal
The School district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged hazing or against any person who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

SUSPENSION AND EXPULSION / REMOVAL (POLICY 5114)
Student Discipline – Removal/Suspension and Expulsion, Board Policy 5114

DEFINITIONS
“Removal” is defined as an exclusion from a classroom for all or part of a single class period, provided such exclusion shall not extend beyond 90 minutes.

“Suspension” is defined as an exclusion from school privileges and/or from transportation services for not more than ten (10) consecutive school days, provided such exclusion shall not extend beyond the end of the school year in which such suspension was imposed. Suspensions shall be in-school suspensions unless during the suspension hearing, the administration determines that the student facing suspension poses such a danger to persons or property or such a disruption of the educational process that the student must receive an out-of-school suspension.

“In-school suspension” is defined as an exclusion from regular classroom activity for not more than ten (10) consecutive school days, but not an exclusion from school, provided such exclusion shall not extend beyond the end of the school year in which such in-school suspension was imposed. An in-school suspension may be served in the school that the pupil attends, or in any school building under the jurisdiction of the board of education, as determined by such board. An in-school suspension may include reassignment to a regular classroom program in a different school in the school district; such reassignment shall not constitute a "suspension" or "expulsion" under this policy.

“Expulsion” is defined as an exclusion from school privileges for more than ten (10) consecutive school days and shall be deemed to
include, but not be limited to, exclusion from the school to which such student was assigned at the time such disciplinary action was taken, provided such exclusion shall not extend beyond a period of one (1) calendar year. Such period of exclusion may extend to the school year following the school year in which such exclusion was imposed.

“Possess” means to have physical possession or otherwise to exercise dominion or control over tangible property.

“Cyber bullying” is defined as any act of bullying through the use of the Internet, interactive and digital technologies, cellular mobile telephone or other mobile electronic devices or any electronic communications.

“Emergency” is defined as a situation under which the continued presence of the student in the school imposes such a danger to persons or property or such a disruption of the educational process that a hearing may be delayed until a time as soon after the exclusion of such student as possible.

**REMOVAL FROM CLASS**
Each teacher shall have the authority to remove a student from class when such student deliberately causes a serious disruption of the educational process within the classroom, provided that no student shall be removed from class more than six times in any year, nor more than twice in one week unless such student is referred to the building principal, or his/her designee, and granted an informal hearing as set forth in Board Policy 5114.

Whenever any teacher removes a student from the classroom, such teacher shall send the student to a designated area and shall immediately inform the building principal or his/her designee as to the name of the student against whom such disciplinary action was taken and the reason therefor.

SUSPENSION PROCEDURE
The administration of each school is authorized to invoke suspension for a period of up to ten (10) days, or to invoke in-school suspension for a period of up to ten (10) days, of any student. Moreover, the administration is authorized to suspend a student from transportation services whose conduct while receiving transportation violates Board policy.

Suspensions shall be in-school suspensions except an out-of-school suspension may be imposed if the administration determines that (1) the student being suspended poses such a danger to persons or property or such a disruption of the educational process that the student must be excluded from school during the period of suspension, or (2) an out-of-school suspension is appropriate for the student based on evidence of (a) previous disciplinary problems that have led to suspensions or expulsion of the student, and (b) efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive behavioral support strategies.

Any student who is suspended shall be given an opportunity to complete any class work including but not limited to examinations missed during the period of his/her suspension. Any work not made up will become a zero. Students who are suspended may not attend any after-school activities during the period of suspension.

Except in the case of an emergency, a student shall be given an informal hearing where he/she is afforded the opportunity to meet with a member of the administration and to discuss the stated charges prior to the effectuation of any period of suspension or in-school suspension. If at such a meeting the student denies the stated charges, he/she may at that time present his/her version of the incident(s) upon which the proposed suspension is based. The school administration shall then determine whether or not suspension or in-school suspension is warranted. In determining the length of a suspension period, the school administration may receive and consider evidence of past disciplinary problems which have led to removal from a classroom, in-school suspension, suspension or expulsion.

The school administration is authorized to immediately suspend any student when there is an emergency. If an emergency exists, the hearing shall be held as soon as possible after the suspension.
No student shall be suspended more than ten (10) times or a total of fifty (50) days in one school year, whichever results in fewer days of exclusion, unless an expulsion hearing is provided pursuant to Board Policy 5114.

No student shall be placed on in-school suspension more than fifteen (15) times or a total of fifty (50) days in one school year, whichever results in fewer days of exclusion, unless an expulsion hearing is provided pursuant to Board Policy 5114.

Whenever a student is suspended, notice of the suspension and the conduct for which the student was suspended shall be included on the student's cumulative educational record. Such notice shall be expunged from the cumulative educational record if the student graduates from high school.

The administration may shorten or waive the suspension period of a student who is suspended for the first time and who has never been expelled if the student successfully completes a program and any other conditions specified by the administration. Any such program shall be at no expense to the student or his parents/guardians. For a student whose suspension period is shortened or waived, the notice of the disciplinary action must be expunged from the cumulative education record if the student graduates from high school or, if the administration chooses, at the time the student completes the specified program and any other conditions required by the administration, whichever is earlier.

**EXPULSION PROCEDURES**
Please refer to Board Policy 5114.

**NOTIFICATION TO PARENTS OR GUARDIAN**
The parents or guardian of any minor student against whom disciplinary action is taken under this policy shall be given notice of such disciplinary action **no later than** twenty-four (24) hours of the time the student was denied school privileges for disciplinary purposes.

Should there still remain a concern, the student should make an appointment to see the principal. The next level would be at the superintendent's office.
POLICE INVOLVEMENT

STANDARDS GOVERNING SUSPENSION AND EXPULSION CONCERNING CONDUCT OCCURRING OFF SCHOOL PROPERTY
(BOARD OF EDUCATION POLICY 5114)

REGIONAL SCHOOL DISTRICT #10
Responsible Use Policy (Policy 6165)
Regional School District #10 believes in the educational value of technology and recognizes its potential to support our curriculum by expanding resources available for staff and student use. Our goal in providing computer resources, including Internet access, is to promote educational excellence by facilitating resource sharing, innovation and communication.

We are pleased to offer the students and staff of Regional School District #10 access to the school’s computer network, including wireless access points to the network and Internet and electronic mail for staff. Access to the school’s wired and wireless network will enable students and staff to powerfully and efficiently explore thousands of libraries, databases, and bulletin boards throughout the world. In addition to Internet and E-Mail access, the school’s local area network will make word processing software, database and spreadsheet software, and other curriculum and research related resources available throughout the school.

Region 10 also recognizes the potential value of technological devices that students privately own. Subject to the rules established by administrative regulations, students will be encouraged, as appropriate, to bring personally owned devices to school to be used for educational purposes. Region 10 is committed to enabling all students to have access to technology-supported learning. Within available resources, the Superintendent of Schools may create a program to provide access to devices for students who cannot afford them.
However, the opportunities presented by the technology raise concerns as well. Sadly, abuse of these systems can and does occur. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, access to other materials is also possible. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages and we make every effort to ensure proper use of the network by students.

Furthermore, these technologies are expensive to purchase, install and maintain. As the property of Regional School District #10, they must be carefully handled and their integrity preserved for the benefit of all. It is expected that users will comply with district procedures and guidelines and will act in a responsible and legal manner when using or accessing the district’s technological resources. As with other district-owned educational materials, the Board may impose sanctions or charge fees to students for unreturned or damaged technology.

The Superintendent of Schools is authorized to establish administrative guidelines for the responsible use of district computer resources including any applicable Internet safety guidelines required by law as well as rules for student use of personally owned devices on school grounds.

For the purpose of this policy and administrative regulations, the following definitions shall apply:

“Computer resources” and/or “technological resources” means the school district’s entire computer network and equipment. This includes, the school’s computer system, file servers, database servers, application servers, communication servers, mail servers, fax servers, web servers, work stations, stand-alone computers, laptops, tablets, e-readers, software, data files, and all internal and external computer and communications networks that may be accessed directly or indirectly from the school’s computer network. It therefore includes all e-mail services, wireless services and Internet access.

“Personally owned device” means any privately owned, electronic technology that a student brings to school. The definition includes, but is not limited to, mobile communication systems, smart technologies, laptops, tablets, netbooks and any other technology that can be used for wireless Internet access, word processing, image and/or sound recording and the transmission, receipt, and storage of data and information.
NOTICE REGARDING ELECTRONIC MONITORING

Staff Notification

In accordance with Connecticut law, Regional School District #10 hereby gives notice to all its employees of the potential use of electronic monitoring in its workplace. While Regional School District #10 may not actually engage in the use of electronic monitoring, it reserves the right to do so as management deems appropriate in its discretion, consistent with the provisions set forth in this notice.

“Electronic monitoring” means the collection of information on Regional School District #10 premises concerning employees’ activities or communications, by any means other than direct observation of the employees. Electronic monitoring includes the use of a computer, telephone, wire, radio, camera, electromagnetic, photo electronic or photo-optical systems. The law does not cover the collection of information (A) for security purposes in any common areas of Regional School District #10’s premises which are open to the public, or (B) which is prohibited under other state or federal law.

The following specific types of electronic monitoring may be used by Regional School District #10 in its workplaces:

- Monitoring of e-mail and other components of Regional School District #10 computer systems for compliance with its policies, procedures and guidelines concerning use of such systems.
- Video and/or audio surveillance within Regional School District #10’s facilities (other than in restrooms, locker rooms, lounges and other areas designed for the health or personal comfort of employees or for the safeguarding of their possessions).
- Monitoring of employee usage of Regional School District #10’s telephone systems.

The law also provides that, where electronic monitoring may produce evidence of misconduct, Regional School District #10 may use electronic monitoring without any prior notice when it has reasonable grounds to believe employees are engaged in conduct that (i) violates the law, (ii) violates the legal rights of Regional School District #10 or other employees, or (iii) creates a hostile work environment. Questions about electronic monitoring in the workplace should be directed to the Assistant Superintendent or the District Information Systems Specialist. As a note, Freedom of Information rules and regulations will apply to most e-mail communications.
Role of Parents
Parents will be informed on an annual basis about the responsible use policy. Parents will be encouraged to discuss responsible use with the children in order to help create a safe, appropriate, and productive learning environment.

Please see the last page of this handbook section for the Responsible Use Agreement which should be signed and returned.

Student Disciplinary Action
Students are expected to follow these procedures and guidelines at all times when using computers, networks, and the Internet. Failure to follow acceptable use procedures and guidelines will lead to disciplinary action up to and including suspension and expulsion. Illegal activity will also be reported to appropriate authorities.

ADMINISTRATIVE REGULATIONS

Playing cards of any kind are not allowed in school.

CONTAINERS
Beverages must be in a container with a sealable top (no styrofoam or plastic containers will be allowed).

Photography, audio and video recording are prohibited. Any exception must be approved by the school administration. Electronic devices will be confiscated and returned to parents. Students are reminded to keep their possessions locked when not in use.
*After the second offense, students will be assigned an office detention.
*Refusal to give an electronic device or cell phone to a teacher or administrator will result in detention and/or suspension.

FIELD TRIPS
Field trips enrich a student’s learning experience and participation is encouraged. **A student’s participation in field trips may be limited based on attendance and/or disciplinary concerns.** All school rules governing student conduct apply to field trips. Students must ride the bus when such transportation is provided. Students who are on school property and drive their cars or drive their cars from home to the field trip will be considered truant and will be subject to suspension. Students whose behavior is unacceptable or who violate the above procedures might be barred from future participation and will be subject to disciplinary action. Students attending a field trip are responsible for all missed work and are not excused from any assignments or deadlines. All assignments due on the day of the field trip must be turned in before the student leaves on the trip. Work from all classes, including Physical Education, must be made up to avoid a grade penalty.

LASER POINTERS
Laser pointers may not be used or brought to school.

LIBRARY MEDIA SERVICES

LOCKERS
Students are advised not to jam their lockers in any way so as to prevent them from locking, since books or personal items may be stolen.

Students are not allowed to lock lockers with their own personal locks. Any personal lock will be subject to removal.

All personal belongings of a student should be kept in his/her locked locker. It is important that students do not leave money or valuables unlocked in the hallway locker or in the locker room area. Lockers may be inspected if the administrators have reason to suspect that materials injurious to the best interest of the school are being kept on school property.

SEARCH AND SEIZURE

No Expectation of Privacy in Use of School Property
Desks, lockers and other such property owned by the Board of Education are provided for use by students solely to support the educational experience. Although students are given use of these items, the Board retains access and control of all school property and may inspect the interior condition of desks and lockers for proper maintenance, health, safety and other administrative purposes. Inspections of school property may be accomplished with or without advance notice to students. Students should have no expectation of privacy in the use of desks, lockers and other similar school property. School officials may not use periodic inspections of school property as a pretense to search an individual student's locker or desk.

When and How School Officials May Conduct Searches
School officials may search an individual student, the student's personal belongings or the student's locker or desk in situations when there is reasonable suspicion that the student has violated a law or the rules of the school. The search must be justified at its inception in that there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. In other words, the information giving cause for the search should be sufficient and reliable to the extent that there is a moderate chance of finding evidence of wrongdoing. In addition, the search must be
reasonable in scope so that the manner in which the search is conducted is reasonably related to the objective of the search and not excessively intrusive in light of the age and gender of the student and the nature of the infraction.

Only school administrators or their designees may conduct searches. A search of a student’s locker or desk will be conducted in the presence of the student, if possible. A search of the student or the student’s personal belongings shall be done in the presence of a witness (other school personnel). Searches should be no more intrusive than necessary to discover the object that instigated the search. Any student who fails to comply with a search request may be subject to disciplinary proceedings for insubordination. When a search is determined to be justified at inception and reasonable in scope, school officials may authorize law enforcement officials to search lockers and other school property available for use by students for the presence of weapons, contraband or the fruits of a crime.

**Strip Searches by School Officials Prohibited**

Searches of the student’s person must be conducted by a school official who is the same gender as the student and may include a frisk or pat-down of student clothing. Depending upon the severity of the infraction, students may also be asked to remove shoes or outerwear such as a coat, jacket, or sweater. Under no circumstances shall a school official conduct a “strip” search of a student. In the event that a student is reasonably suspected of concealing evidence of criminal activity that can be obtained only by removal of clothing (other than shoes and outerwear) and the student refuses to deliver such evidence, the assistance of the police shall be obtained.

**Vehicle Searches on School Grounds**

Vehicles brought on school grounds by students are subject to the same criteria for searches as students’ personal belongings. Refusal by a student, parent or guardian, or owner of the vehicle to allow access to a motor vehicle on school premises at the time of a request to search the motor vehicle will be cause for termination of the privilege of bringing a motor vehicle onto school premises.

**Seizure of Property Belonging to Student**

School personnel may temporarily take control of property belonging to a student (including items such as a cell phone or other electronic device) when the student’s use or possession of
such property violates school rules or is otherwise disruptive of the educational process.

**Use of Breathalyzer Testing**

**Breathalyzer testing as a prerequisite for attendance at a school event.**

Each student entering a school-sponsored activity may be required to submit to a breathalyzer test as a condition of attendance at the event. The administration will determine at which school-sponsored events the breathalyzer test procedures will be used. These events include activities such as proms and dances.

**Testing procedure:**

The administration will determine the manner by which the students will be tested: entire group or random selection. The trained administrator or staff member present at such events has the authority to test and retest any individual suspected of being under the influence of alcohol even if the student has a negative test upon entering the event.

A staff person trained in the proper use of the Breathalyzer shall administer the test in the presence of a witness. If the test is positive, the administrator shall conduct a confirming test fifteen minutes after the first test. If the student admits to having consumed alcohol, the confirming test need not be conducted.

**Positive test result or admission:**

If the second test is positive or the student admits to consuming alcohol, the student will be denied entrance to the event and detained by school officials until the district has notified the student's parent or guardian and requested that the student be returned home under parental supervision. Emergency help shall be called if the student is assessed to be at risk for alcohol poisoning or in need of medical assistance.

The student will be subject to disciplinary consequences and/or corrective action consistent with the Board’s policies on Student Discipline (Board Policy # 5114) and Drugs, Alcohol and Tobacco (Board Policy # 5131.6).
**Refusal to submit to Breathalyzer testing:**

Students who refuse to submit to a Breathalyzer test administered as a prerequisite for attendance will be denied entrance to the school event and detained until parents/guardians arrive to remove them. Refusal to submit to the test alone will not cause the student to be subject to further disciplinary consequences, however, any disruptive behavior associated with the refusal may initiate a disciplinary response. In addition, students who are admitted to a school event after passing a Breathalyzer test may be subject to further testing if there is reasonable suspicion that the student consumed alcohol after gaining admission to the event. In such a situation, students who refuse to submit to further Breathalyzer testing will be deemed to have tested positive and will be subject to disciplinary consequences.

**Breathalyzer testing based upon reasonable suspicion**

Students may be subject to breathalyzer tests during school and at school sponsored events if school personnel have reasonable suspicion to believe that a student is under the influence of alcohol. The determination of reasonable suspicion will be based on observations of the student. Breathalyzer tests may only be conducted by properly trained personnel in a private environment. Parents or guardians will be notified of any administration of a breathalyzer test and the results. Students found in possession of alcohol or under the influence of alcohol will be subject to disciplinary procedures. Students who refuse to submit to a breathalyzer test will be subject to disciplinary procedures.

For more information, please refer to Board Policy 5114.2, “Search and Seizure.”

**SKATEBOARDS, WHEELIES & ROLLERBLADES**

Skateboards, wheelies and rollerblades are not allowed.

**PASSES**

Students must have a passbook signed by a staff member when they are in the corridors or lavatory during class time. Loaning or forging a pass is a serious offense.

- **SPECIAL AREAS:** Students must sign up for passes to The Learning Center, music, art, physical education, and the technology education areas sometime before the period requested.
- **NO-PASS LIST:** Students violating pass procedures on a consistent basis will be placed on the no-pass list.

DETENTION (BY OFFICE OR TEACHER)
Either teachers or administrators may issue detentions to students who violate rules and procedures. In any case, students will receive twenty-four hour notice, unless a parent waives this notification. If a teacher assigns a detention, he/she will notify the parent by telephone. The student will be expected to attend the detention at the designated time and place. Failure to do so will result in a greater penalty. Only administrators or their designee will assign office detentions. Parents will be notified. Students will report by 2:10 p.m. to the supervisor in the designated detention area. Students are expected to study or read during the period of detention. No talking, eating, sleeping or use of electronic devices is permitted. Tardiness to detention, failure to attend, or misbehavior will result in additional detentions, being placed on the no pass list or suspension. If detention is cancelled due to inclement weather, students will automatically be scheduled for the next day's detention.

**LATE ARRIVAL AND EARLY DISMISSAL FOR SENIORS**

PART V
CO-CURRICULAR PROGRAM

The co-curricular program at Lewis S. Mills High School consists of a host of challenging activities designed to appeal to diverse interest and talents. Participation in these activities is a privilege, not a right, and at the discretion of administration. From the artist to the athlete, the student may seek to participate in activities where he/she can further develop academically, socially, emotionally, and physically. Opportunities also exist for service within the school and community.

ACADEMIC AND ATTENDANCE REQUIREMENTS
Students in grades 9 to 12 participating in interscholastic sports must maintain passing grades in four major subjects for eligibility in quarters 2-4 and must pass four units of credit the previous year for quarter one. Major subjects meet four days a week on a five day rotation. Details are available on the department website. All student athletes must attend at least four hours of school to be eligible to participate in a practice or contest on that day. Extenuating reasons may allow exceptions to this rule if
documentation exists and is presented to the Coordinator of Athletics or School Administration prior to the practice or contest.

7. A pupil shall not participate in or represent his or her school in more than one sport after the date of the first contest in that sport season, nor may that pupil represent more than one school during a season.

8. A student who is a member of a school team after the first scheduled meet or game in any season shall not participate with an outside team, or participate as an individual in non-CIAC tournaments, meets, tryouts, skills assessment or games in the same branch of athletics. Please contact the Athletic Director for exceptions, including college tryouts and for acceptable tryouts.

ATHLETES RIGHT TO DUE PROCESS CONCERNING ELIGIBILITY

There may come a time when, because of special personal circumstances, an athlete either commits an act, or fails to perform a duty, which results in his/her being declared ineligible to compete in a high school sport. In some cases, exceptions to the eligibility rules can be granted. All athletes have the right to the due process procedures listed below in seeking to have their eligibility restored.

Step 1: The athlete should first discuss the matter with the appropriate coach or athletic director. If it is felt that the circumstances of the case warrant a request for an exception to the rule, the high school principal should also be informed.

Step 2: The high school principal then requests in writing to the CIAC Eligibility Committee that the matter be examined and an exception granted.

Step 3: The CIAC Eligibility Committee will examine the facts of the case at its next regular meeting. If the situation is such that the matter must be resolved before the next regular meeting, an emergency meeting will be called. The Committee has the right to require that medical reports and/or other relevant documentation be provided.

Step 4: If the Eligibility Committee decides that the circumstances of the case merit an exception, it will be granted and the athlete’s eligibility must be restored subject to the approval of the Board of Control. If, in the judgment of the Committee, no exception is warranted, it will be denied and the student’s ineligibility will continue in force for the period required in the regulations. In no case of denial of an exception is the decision of the Committee communicated to the CIAC Board of Control, so that should the athlete decide to take his case further in the procedure of due process, no information concerning the case will have been made available to the next higher authority in the due process procedure. This protects the athlete’s right to a full, unprejudiced hearing.

Step 5: In the case where a request for an exception is denied by the Committee, the athlete has the right, through the high school principal, to request that an appeal of the committee’s decision be made to the CIAC Board of Control. The principal then initiates such request, addressed to the Executive Director, CIAC, 30 Realty Drive, Cheshire, CT 06410. This request must be made within fourteen (14) days of the ruling of the Eligibility Committee.

Step 6: The CIAC Board of Control will hold a full hearing on the matter in a timely fashion. At that time, the athlete, his/her parents, representatives of the school and any other person the athlete feels may help to present his/her case may appear and present evidence before the CIAC Board. The Board has the right...
to require presentation of medical reports or other relevant documentation.

**Step 7:** The CIAC Board of Control will, after a full hearing and proper consideration of the facts of the case, render its decision, either to grant the requested exception or to uphold the ruling of the Eligibility Committee. If the exception is granted, the athlete’s eligibility is restored immediately and retroactively. If it is denied, the student’s ineligibility remains in force for the period required in the regulations.

In all matters of athletic eligibility, the decision of the CIAC Board of Control is final and binding on all parties.

**RULES AND REGULATIONS FOR THE CONTROL OF INTERSCHOLASTIC SPORTS**

The athletic program is an important and integral part of the total school program and is open to participation by all students enrolled at Lewis S. Mills High School. - Any athlete who breaks the above training rules will receive a minimum two game suspension from participation in athletics. The second time this offense occurs, the athlete will be suspended from participation in the sport for the remainder of the season.

CLUBS AND ORGANIZATIONS

NATIONAL HONOR SOCIETY
Induction into the National Honor Society is an honor that is recognized throughout the nation as public recognition of accomplishment and the private commitment to continued excellence on the part of the members. Students do not apply for membership; rather, the Faculty Council selects students who demonstrate outstanding performance in the criteria of scholarship, leadership, service and character. A brief description of the four pillars of the National Honor Society follows:

1. Scholarship- The scholarship requirement is a 3.8 GPA. Juniors are evaluated on their first five semesters in school and seniors are evaluated on their first six semesters.
2. Leadership- The number of offices a student has held in school or community organizations, also including effective participation in other co-curricular activities. The student who exercises leadership:
   - Exercises positive influence on peers in upholding school ideals
   - Successfully holds school offices or positions of responsibility; conducts business effectively and efficiently; demonstrates reliability and dependability
   - Is a leader in the classroom, at work, and in other school or community actions
   - Is thoroughly dependable in any responsibility accepted
3. **Service** - Actions undertaken by the student which are done with or on behalf of others without any direct financial, eventual employment (CIT) or material compensation to the individual performing the service.

The student who serves:
- Volunteers on a fairly robust and consistent basis throughout high school, provides dependable and well organized assistance, is gladly available, and is willing to sacrifice to offer assistance to others
- Works well with others and is willing to take on difficult or inconspicuous responsibilities
- Is willing to represent the class or school in inter-class and inter-scholastic competition
- Shows courtesy by assisting visitors, teachers and students

4. **Character** - A candidate will be able to demonstrate an outstanding record of conduct and behavior with regard to school and community rules, guidelines, and policies or be able to demonstrate sufficient growth and improvement to compensate for previous inadequacies. A person of character demonstrates the following six qualities: respect, responsibility, trustworthiness, fairness, caring, and citizenship.

In addition, it can also be said that the student of character:
- Consistently exemplifies desirable qualities of behavior (cheerfulness, friendliness, poise, stability)
- Cooperates by complying with school regulations concerning property, programs, office, halls, etc.
- Demonstrates the highest standards of honesty and reliability
- Manifests truthfulness in acknowledging obedience to rules, avoiding cheating in written work, and showing unwillingness to profit by the mistakes of others

**Selection of Membership**
- Eligible students are notified and informed that for further consideration for selection to the chapter they must complete the Student Activity Information Form.
- All faculty members are invited to make comments on eligible candidates relative to the four criteria for membership.
- The Student Activity Information Forms are reviewed by the Faculty Council along with any other verifiable information about each candidate.
- Candidates receiving a majority vote of the Faculty Council are selected for induction into the school chapter of the NHS.
• Selected students and their parents are notified personally or by letter and invited to attend an induction ceremony.

Non Selection of Members:
• In cases of non-selection, special efforts should be made to explain the selection process to those students who are unhappy about the results of the selection process.
• Chapters are not legally or constitutionally obligated to share with parents and students information concerning specific students not selected for membership in the Society.
• Students or parents still not satisfied should take their discussion to the principal.
• The principal may hear appeals and overturn decisions only in cases of technical or procedural mistake. The professional and objective manner of the Faculty Council decision is otherwise final.
• The National Association of Secondary School Principals has no authority to review or overturn the judgment of the Faculty Council regarding selection of individual members to local chapters.

STUDENT COUNCIL
The Lewis S. Mills High School Student Council exists to promote civic responsibility, leadership, scholarship, and human relations. The Student Council serves two distinctive functions- a legislative role and a service role.

The legislative purpose of the Student Council is for the individual council members to represent the interests of the student body. Members review and respond to feedback from the student body and serve as liaisons with the administration if student issues need to be discussed. Student feedback is welcome and is to be discussed at formal Student Council meetings, which are held weekly before school.

Providing service to the students, the school and the community is the primary purpose of the Lewis S. Mills High School Student Council. The Student Council is at the heart of many high school and community activities sponsoring a wide variety of services and activities throughout the year to promote citizenship, scholarship, leadership, human relations and cultural values. The
council also represents the student body at many special educational functions.

Members: Faculty advisor(s)

Four officers: President, Vice-President, Secretary, Treasurer- these students can represent any grade 9-12. Officers are selected internally. Class officers are considered members of the Student Council.

Student Council Officer Qualifications

Any student who violates one or more of the above qualifications may be dismissed from the Student Council and/or class office at the discretion of the administration. GENERAL INFORMATION AND STUDENT SERVICES

ADDITIONAL HELP
Teachers are available to give extra help during scheduled weekly after-school tutoring periods. Students in need of extra assistance should see their teacher or appropriate department coordinator.

FIRE DRILLS
Fire drills are held regularly as required by state law. Students should exit with their class and follow the directions, which are posted over the door in each room. SCHOOL COUNSELING SERVICES
The primary services of the Lewis S. Mills School Counseling Department are aimed at promoting the academic, personal, social, and career development of each student. The school counseling program supports high standards of academic excellence for all students and is dedicated to the development of responsible and contributing members of society.

The counselor's role is multi-faceted. Counselors meet with students individually and in small groups to address personal, social, and academic growth. As a teacher, the counselor uses the classroom environment to deliver a planned developmental guidance curriculum. As a consultant, the counselor meets with students, parents, teachers, administration, and community members to disseminate and coordinate information related to educational, social/emotional, and post-secondary planning.

In addition to the services listed above, the school counseling department maintains a library of literature for student use. Resources include college catalogs, information on college majors, career and vocational handbooks, SAT preparation
books, and various college pamphlets and programs of studies. Students may also use the computers in the school counseling department to access electronic resources for college and career planning. Such programs include: bridges.com (college and career), Choices (college and career), Do What You Are (personality and career), collegeboard.com (college), and connectedu.net (college). The school counseling website (https://studentweb.region10ct.org/groups/lsmcounselingoffice/) is another useful source of information for parents and students. All students are invited to come to the school counseling office with any questions or problems, and they are urged to make frequent use of the many available resources. Parents are invited to contact the counselors at any time for information regarding any aspect of their son's/daughter's progress. The following are members of the School Counseling Department:

- Mr. Lucio DeMarco  School Counselor
- Mrs. Meridith Silver  School Counselor
- Mr. Joe Trahan  School Counselor

LOST OR DAMAGED TEXTBOOKS, LIBRARY BOOKS, SCHOOL MATERIALS
Students are expected to treat and use textbooks, library books and school materials with care. If students lose or damage any of the above, they are responsible for paying for the replacement. Failure to do so may result in disciplinary action and/or the withholding of grades, report cards or transcripts, until the pupil pays for or returns the lost item.

LOST AND FOUND
Articles that are found in the school area are turned in at the Main Office. Students who lose any personal item should check with the secretary. All articles not claimed are given to charity.

No student may leave the grounds to eat lunch elsewhere. The Regional District #10 Board of Education has agreed to participate in the National School Lunch Program and the Special Milk Program and accepts responsibility for providing free or reduced price meals to eligible students in the school under its jurisdiction. In order to apply for the free or reduced price meals, students should get an application in the Main Office and return it

**STUDENT ASSISTANCE MODEL (S.A.M.)**
The Student Assistance Model (S.A.M.) at Lewis S. Any teacher, counselor, administrator, staff member, student or parent who has a concern about any high school student can bring this concern to a member of the team. The student assistance program approach is to promote early identification of these students and to work with them to provide assistance. Hopefully, as a result of this program, student’s grades, attendance, and behavior will improve.

ACCIDENT REPORTING: INSURANCE CLAIMS
All accidents occurring on school property must be reported to the nurse immediately and proper forms completed. If the injury resulted from interscholastic sports activity (varsity, J.V. or freshman), the student must report to the nurse or the athletic trainer immediately so a claim may be processed. The student must then submit all bills to his/her private insurance company, not to the school or its insurance company. The balance of the bills not paid by the insurer should then be sent to the school insurance carrier. The reason for this procedure is that the interscholastic sports insurance provided by the Regional School District #10 Board of Education is secondary coverage only.

COMMUNICABLE DISEASES
A student with a communicable type condition will be excluded from school and directed to see his/her family physician. Examples of such conditions are: head lice, scabies, conjunctivitis, impetigo and ringworm. The student may return to school only with a physician’s written statement that he/she is free of the condition or is receiving treatment for it.
EMERGENCY PROCEDURES
When a student becomes seriously ill or injured, the parent will be notified immediately. If the parent cannot be reached, the nurse will act according to the information on the student's emergency medical data card. For this reason, every student must take responsibility to have an updated emergency card on file with the nurse as well as with the Main Office.

EXEMPTION FROM INSTRUCTION
The board of education may offer programs of instruction regarding family life that may include family planning, human sexuality, parenting, nutrition, and the emotional, physical, psychological, hygienic, economic and social aspects of family life. When family life programs are offered in the curriculum, a student shall be exempt from any portion of the instruction upon the written notification by the student's parent or guardian to the building principal or to the Superintendent of Schools. Parents and guardians may also request, in writing, to the Superintendent that his/her child be exempt from instruction in any of the following: AIDS, sexual abuse and assault awareness, or participation in or observation of the dissection of any animal. Students who are exempt from instruction shall be required to complete an alternative assignment or will be assigned to a supervised study period.

EXTENDED ILLNESS - HOMEBOUND TUTORING
If it appears that a student will be absent for at least ten consecutive school days due to illness, the parent should contact the student's school counselor concerning homebound tutoring. The counselor will provide parents with information to make the necessary arrangements.

HEALTH ROOM PROCEDURES
The health room is located across from the Main Office. A professional registered nurse staffs this office from 7:25 a.m. to 2:00 p.m. If the nurse is not available, do not wait in the corridor, but instead go to the Main Office. First aid will be administered for minor injuries received at school and in transit to and from school.

HOMELESS STUDENTS
Enrolled students who become homeless (lacking a fixed, regular and adequate nighttime residence) and homeless students seeking enrollment in Region No. 10 schools should contact the district’s homelessness liaison, Mrs. Linda Carabis, Director of Special Services, at 673-2538. Homeless students may be
entitled to transportation to the student’s school of origin, immediate enrollment despite the lack of certain records (e.g., immunization history) and other services that the district provides.

**ILLNESS IN SCHOOL**
If a student becomes ill in school, he/she must report to the school nurse. The student should report to his/her class or study hall and obtain a pass before going to the health room. Students will not be permitted in the health room without a pass except in an emergency situation. If an emergency situation does occur, the student should notify the nearest teacher and go directly to the nurse with the assistance of a reliable person. Minor illness is not an excuse for class absence or tardiness.

**IMMUNIZATIONS**
Connecticut law mandates that all students be protected by adequate immunization against diphtheria, pertussis, tetanus, poliomyelitis, measles, mumps, rubella, hemophilus influenzae type B, hepatitis B, varicella and any other vaccine required by the schedule for active immunization adopted pursuant to state law. Students who have not been immunized will not be admitted to school except in cases where the parent/guardian has provided a certificate from a physician stating that such immunization is medically contradicted or the parent/guardian presents a statement that such immunization would be contrary to the religious beliefs of the child. Homeless children are entitled to immediate enrollment even if the documentation of immunization is not immediately available. Students transferring to Lewis S. Mills High School must submit written proof of the required immunization to the nurse prior to attending school.

**MEDICATIONS**
Connecticut state law requires a written order by an authorized prescriber and the written authorization of the student’s parent or guardian for school personnel to administer any medicinal preparation including over-the-counter, prescription and controlled drugs. This includes inhalers, epi-pens, and medications such as Tylenol or ibuprofen. Students are not allowed to carry or have medication in their possession unless the student self-administers the medication in accordance with a medication administration plan developed by school personnel in conjunction with the student’s parents and prescriber. All medications, except those approved for self-administration, shall be delivered by the parent or other responsible adult to the school nurse or other qualified personnel trained in medication administration. All medications will be administered by the school nurse, or in the absence of such nurse, other qualified personnel. Disciplinary action will result if the proper procedure is not followed.
A copy of the entire policy (Board Policy 5141.21) along with administrative regulations is available at the main office in every school and on the District website.

**Additional policies to reference:**

**MANAGEMENT OF LIFE-THREATENING FOOD ALLERGIES**
Some students have serious, life-threatening food allergies. It is important that you follow any guidelines provided to you. For more information, please refer to the district’s *Guidelines for Food Allergy Management* posted on the district’s website.

**NUTRITION PROGRAMS**
The Regional School District No. 10 Board of Education participates in the National School Lunch Program and the Special Milk Program. Parents/guardians or students may apply for the free or reduced price meals by obtaining an application from the Main Office and returning the completed form to the principal. Students may apply for this program at any time during the school year.

**GREEN CLEANING**
The green cleaning program requires Region 10 schools to use environmentally preferable cleaning products. By law, all cleaning products used in the district’s schools must meet standards approved by the Department of Administrative Services. Therefore, no parent, guardian, teacher, or staff member may bring into the school any consumer product which is intended to clean, deodorize, sanitize or disinfect. Upon request, parents or guardians may receive a statement of the district’s green cleaning program, including the types of cleaning products being used in the schools as well as the location and schedule of applications.

**PESTICIDE USE POLICY**
The Regional School District No. 10 Board of Education has an integrated pest management plan. Specific guidelines for the implementation of the pest management plan are provided to staff and parents/guardians of students at the beginning of each school year. Staff and parents/guardians may register for prior notice of pesticide applications, including the target pest, within school buildings or on school grounds. Persons who have registered for prior notice will be notified by any means practicable on or before the day that any pesticide is to take place at a school.
PHYSICAL EXAMINATIONS
School health legislation requires that all sophomores have a complete physical exam within the time period of the completion of their freshman and the completion of their sophomore year. If written proof of a physical exam is not submitted by the end of their sophomore year, they will not be allowed to re-enter school the following September. These examinations will be waived only for religious or medical reasons. It is the parent’s responsibility to obtain this examination from his/her own physician. The school medical advisor will do the examination only for children eligible for free or reduced lunch.

RELEASE DUE TO ILLNESS
When a student becomes ill in school and must be sent home, a parent or responsible person designated on the student’s emergency medical card must be notified and provide transportation to the home. All students being dismissed from school due to illness must see the nurse before going to the Main Office and signing out of school.

TRANSPORTATION SAFETY COMPLAINTS
Complaints about school transportation safety should be made to the school district’s Business Manager, Susan Laone at (860) 673-2538.

PART VII
PARENT INFORMATION
This section contains information we hope will help parents understand and participate in the life of Lewis S. Mills High School. Parents are urged to become familiar with the student section as well.

STANDARD PROCEDURES FOR CONTACT
Although most of the time students, teachers, and parents are in agreement about the learning process, occasionally concerns arise between students and teachers. On occasion such problems spread beyond the classroom to involve parents. It is good for everyone to be aware of the best way of handling such disputes for the benefit of all concerned. Here are the steps which should be followed:

1. Call the teacher at school. Leave a message if necessary and the teacher will return the call. If you discuss the situation with the teacher directly, you will be able to address the entire issue. Situations can generally be resolved at this most important level.
2. If this contact does not settle the problem to your satisfaction, then contact the student’s school counselor in the case of a
disciplinary problem, or the department coordinator, in the case of a curriculum problem.

3. If this second level does not provide a satisfactory solution, then contact the assistant principal with regard to disciplinary matters. A curriculum question should be addressed to the principal.

PROTOCOL FOR ADDRESSING ACADEMIC CONCERNS

In the event that concerns arise specific to academic performance, the following steps should be taken:
1. Parent-student discussion based on Power School Parent Portal data and/or grade reports
2. Student requests a meeting with the teacher to discuss academic performance
3. Student schedules an appointment with his/her school counselor to discuss support strategies - i.e. tutoring, group referrals, Homework Club
4. If student continues to struggle and has not contacted the teacher, the parent/guardian should contact the teacher to discuss academic concerns
5. Parent contacts the school counselor to see if student has seen them to discuss support service options:
   - Tutoring
   - Counseling
   - Homework Club
   - Mentoring
   - Extra help
   - Academic Support
   - Group Referrals
6. SAM referral (Student Assistance Model team)
   - The student meets with SAM Team representative to reflect on academic status
   - SAM team representative presents relevant information to the team
   - SAM team determines appropriate interventions and monitoring schedule
7. If determined that the above steps have not been followed and/or student is still struggling academically, any of the following interventions/consequences may occur:
   - Parent/teacher/counselor conference
   - Loss of senior privileges
   - No Pass list
   - Summer school
   - Repeat class the following year
   - Drug testing, if appropriate
   - Loss of social/academic privileges (sporting events, field trips)
   - Increased parental involvement

REGIONAL SCHOOL DISTRICT #10
Regional School District #10
Responsible Use Policy Agreement

Internet access is available to students and staff in the Regional School District #10 system schools. The Board of Education believes the Internet offers vast, diverse and unique resources to both students and staff. To the greatest extent possible, the Board seeks to filter out objectionable services on the Internet. Total elimination of access to objectionable content is not possible. Individual student users must take responsibility for their own activities when navigating the Internet. Anyone with security/technical violations or who inadvertently or unintentionally accesses objectionable materials should report this immediately to the staff member in charge. Our goal in providing this service to staff and students is to promote educational excellence in the schools by facilitating resource sharing, innovation, and communication.

Student
I agree to follow the rules regarding my use of school computer resources, including wireless access for any devices that I may bring to school. I understand that any technology that I use at school will be for educational purposes. I also understand that if I break any of the rules about the use of technology at school, I might be disciplined and/or lose the ability to use technology at school, or face other penalties or legal action.

I hereby give permission for my child to access the Internet, be issued an account if necessary and also certify that the information on this form is correct.
