

# Attention Future AP Statistics Students (2021-2022 School Year)

If you plan to take AP Statistics next year, please join the Khan Academy class below to complete your summer work.

(DUE 8/25/21)

You will be responsible for reviewing the following 5 units. These are intended to be review for the course. If you find you are having trouble on a unit, please go back and watch the videos, complete the practice, and take the quizzes.

Your grade for summer work will be generated from your scores on the following unit tests. Your grade will be calculated based on correctness (not completion). You may retake a unit test as many times as you want (you can still receive a maximum of 46 points regardless of the number of attempts you make).

Unit Topic	Unit Test Questions	Points
Exploring categorical data	9 questions	9
Exploring one-variable quantitative data	9 questions	9
Exploring two-variable quantitative data	9 questions	9
Probability	10 questions	10
Random variables and probability distributions	9 questions	9
Total:	46	46

### How to join your teacher's Khan Academy class

- Go to [khanacademy.org/join](https://khanacademy.org/join)
- Enter your class code and press "Add".  
Class code: **8MJ6UBTM**
- If you don't already have an account, press "Create a new account". Enter your date of birth, then sign up using Google, your school email, or by creating a username.
- Enter your grade and course. Now you're ready to start learning!

If you have any questions, please reach out to Ms. Edwards by email ([edwardsr@region10ct.org](mailto:edwardsr@region10ct.org)).
